## **Request for Qualifications (RFQ) for Race Management Services INQUIRING QUESTIONS:**

**QUESTION 1:** “On II. Evaluation Criteria #3: ‘Ability to be on-site at the Airport within a short period of time...’, what is the definition of a short period of time?”

**ANSWER 1:** In the week prior to the event when logistics are being set up, representatives must have the ability to be at the airport quickly in order to respond to logistical questions and issues as they arise.

**QUESTION 2:** “How many on site meetings will there be? Can Zoom or similar platforms be used when deemed appropriate?”

**ANSWER 2:** Most planning meetings can be held on Zoom. However, a few on-site meetings may be necessary for initial site-acquaintance and walk-throughs as the event gets closer.

**QUESTION 3:** “Can we add an idea of a tag along event into the final presentation?”

**ANSWER 3:** We do not recommend adding tag along events into the final presentation. Please keep the final presentation specific to the requested scope of work.
