Bidders are to acknowledge receipt of this Addendum in the space provided on the Bid Form. **FAILURE TO ACKNOWLEDGE RECEIPT OF THIS ADDENDUM MAY SUBJECT THE BIDDER TO DISQUALIFICATION.**

This addendum contains 2 pages.

GENERAL

After careful consideration, MKAA has decided to move the scope of work for the construction aspects of the project to the Technology Modernization – Electrical Improvements contract. This includes, but is not limited to: Wall openings, Structural Backing, Wall Closings, Patch and Paint, and Millwork as noted in the project drawing sets. These items will no longer fall under the AV Contractor's provision. Since much of this work is determined by the AV Contractor's project schedule, the AV Contractor will still be required to provide the coordination for this work with all other contractors.

AV Contractor is still required to demo and turnover to Owner, or remove from site, all AV / PA Equipment as noted in the specifications and T and TA drawing sets.

REMOVE the architectural scope of work from the Audio-Visual and Public Address Upgrades project:

1. Do not include costs for all work shown on the following architectural "A" and "G" series drawings"
 - G-001 GENERAL NOTES
 - G-002 CODE COMPLIANCE PLANS
